Confederation of Indian Industry

25th International Engineering and Technology Fair (IETF) 16-18 February, 2023

The IETF 2023 – 25th edition of International Engineering & Technology Fair, organized by the Confederation of Indian Industry (CII) is scheduled from 16-18 February 2023 at the New Halls at Pragati Maidan, New Delhi, India. IETF, the biennial flagship event of CII since 1975, has achieved the status of a comprehensive international B2B platform. IETF attaches great importance in the Calendar of Events of Indian Industry, as a networking platform where who is who of industry, government, academia, and media from around the globe come under one platform. IETF 2023 holds special significance, as it is the Silver Jubilee (25th) edition of the event. IETF is supported by relevant Ministries of Government of India, besides respective industry associations.

IETF 2023 is a multi-sector industry event, which provides an ideal platform for a Country Pavilion to showcase its technological strengths and capabilities in select sectors of industry in an exclusive area. The IETF 2023 will showcase innovations through focused and concurrent shows in select industry sectors – advanced building technologies, artificial intelligence (AI), capital machinery, digital gaming, fluid power, factory & plant maintenance, healthcare, industrial automation & robotics, modern logistics solutions, metal and metallurgy, surface coating, and water & solid waste management - where companies from India and overseas would display latest products and technologies in exclusive pavilions. Over 500 companies from 25 countries are expected to participate at this event, spread across an area of over 20,000 square meters of exhibition space

Conferences/seminars and workshops on subjects relevant to the focused industry segments, are also being organized during IETF, enabling Indian industry to adapt latest technologies and innovations in Manufacturing and Services sector. Participation of relevant stakeholders and government departments is requested. A soft copy of IETF 2023 brochure is **attached**. For more details, please visit website: <https://www.ietfindia.in>
