Telangana is striving to be ahead of the curve in adopting green mobility technologies. Telangana is one of the first states in India to launch a dedicated EV & ESS policy in 2020 and have taken a number of initiatives to provide an **end-to-end ecosystem for driving the EV** revolution in the state and in the country. It has already attracted investments from key EV companies such as Fisker, Olectra, Hyundai, Biliti Electric and ZF Group. It will be soon launching the Telangana E-Mobility Valley to promote further investments and innovations in this sunrise sector.

All those interested are encouraged to participate in the above events.
