THE PLASTICS EXPORT
PROMOTION COUNCIL

PLEXCONNECT 2023

at Nesco, Mumbai, Maharashtra, India
from June 15 to 17, 2023

PLEXCONNECT 2023 is being organized by The Plastics Export Promotion Council (PLEXCONCIL) from 15 to 17 June, 2023 at Nesco, Mumbai, Maharashtra, India.

India's FIRST ever Trade Exhibition focused on Plastics Exports, PLEXCONNECT 2023 aims to connect the Global Plastics supply chain with Indian plastics Industries. It is a platform where buyers and participants can explore, learn and network with the best of the plastics industry from across India and the world.

PLEXCONCIL is the apex body established under the aegis of the Department of Commerce, Ministry of Commerce & Industry, Government of India (GOI) to represent and promote the Indian plastics export industry. The Council was established in 1955 and has over the past more than six decades been the voice of the industry, helming growth and progress of the plastics industry at various leading global platforms.

In light of the shift in the global supply chain dynamics post pandemic, PLEXCONCIL has been undertaking active measures to highlight Indian industry as a better alternative and a global hub for sourcing plastics products. Today, not only India is one of the larger exporters of plastics raw materials, but it has earned significant recognition in numerous other value-added product categories as well. Plastics exports in FY 21-22 stood at USD 13.4 Billion, a 34% growth over the previous fiscal and the Council has plans in place to achieve USD 25 Billion by 2025.

As one of the key aspects of the exhibition, PLEXCONCIL will be inviting 600 select buyers to personally meet exhibitors/ Indian exporters at a dedicated Reverse Buyer Seller Meet (RBSM).

Upon approval under the MAI Scheme of GOI, selected Buyers/Importers will be provided to and fro air tickets and accommodation including logistics and food for 2N/3D during the event. Attached is a list of Product Panel and HS Codes pertaining to plastics under Plexconcil.
