MESSAGE

It is heartening to learn about the 8th India International MSME Trade Fair Expo & Summit 2022 and ANMI Bhuvanaya Light Udyog Summit organized by MSME Development Forum in New Delhi, Gandhinagar and host wishes to all the participants for both the occasions.

MSMEs play a crucial role in strengthening our economy and in providing employment opportunities to millions of people. From easier access to capital through MUDRA Yojana to the ECLGS-scheme, all of India's industries during the COVID-19 pandemic, from providing a level playing field to MSMEs in government procurement through their portals to defence reforms that help make India self-reliant, while also increasing opportunities, empowering this sector has been a persistent focus of our government.

Our MSMEs, in the last few years, have led the way in making an Aatmanirbhar Bharat. Be it the recent success story of India's toy exports, or the record engineering goods exports in 2021-22, or the record goods exports surge, MSMEs have shown what resilience is all about.

Today, the world looks towards India with hope and confidence to provide solutions to various challenges. Equipped with robust digital innovations and a young population, India is taking confident strides towards becoming a manufacturing hub and a vital part of the global supply chain. In this mission, MSMEs have a special role to play.

During the Aatmanirbhar Bharat, which in the 21 years till 2047 when we celebrate the centenary of our independence, our chief list efforts will remain focused on providing MSMEs an enterprise of the future. New India's growth will be made truly meaningful only when our micro, small, and medium enterprises become strong pillars in fulfilling the aspirations of the people.

The gathering of various stakeholders at this Summit will lead to a vibrant interaction and exchange of best practices. I am sure that the discussions will lead to a practical roadmap for MSMEs to play an even bigger role in the growth of India.

May the 8th India International MSME Trade Fair Expo & Summit 2022 and ANMI Bhuvanaya Light Udyog Summit have a successful outcome.
